MOTOALLIANCE WINCH MOUNT

MA11960

Arctic Cat

Thank you for purchasing our MotoAlliance winch mount(s). You now own a premium custom winch mount to allow you to use your winch with your ATV. Please note the following instructions and heed all warnings.

- Please use common sense when operating your ATV.
- Read your Winch Operator's Manual and all other Operator Manual's, including warning labels, before operating your ATV.
- Be observant of moving parts causing entanglement, use extreme caution!

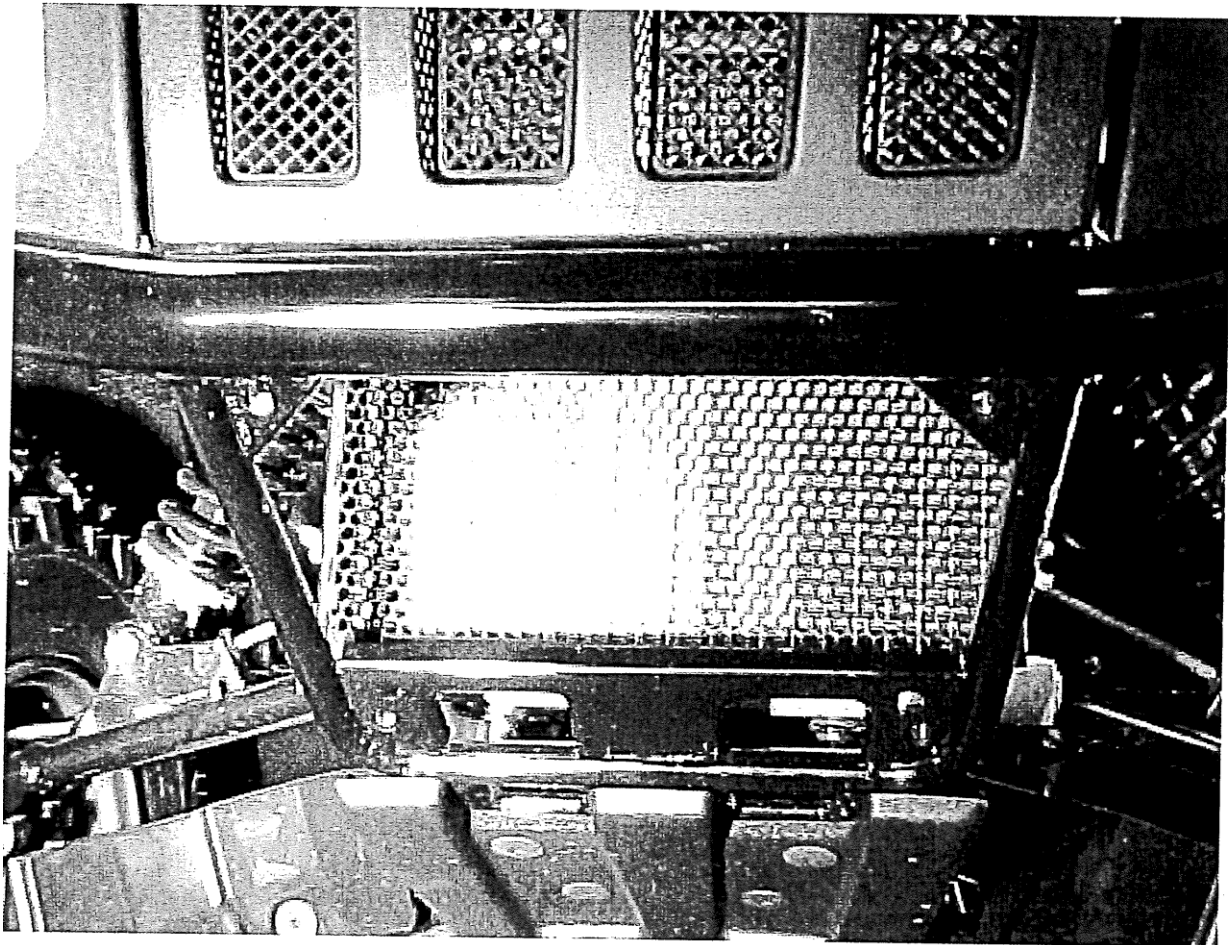

SEVERE INJURY OR DEATH MAY RESULT IF YOU ARE NEGLIGENT.

HARDWARE FOR WINCH MOUNT KIT

QTY	DESCRIPTION
1	Winch Mount Plate
2	Spacer Bars

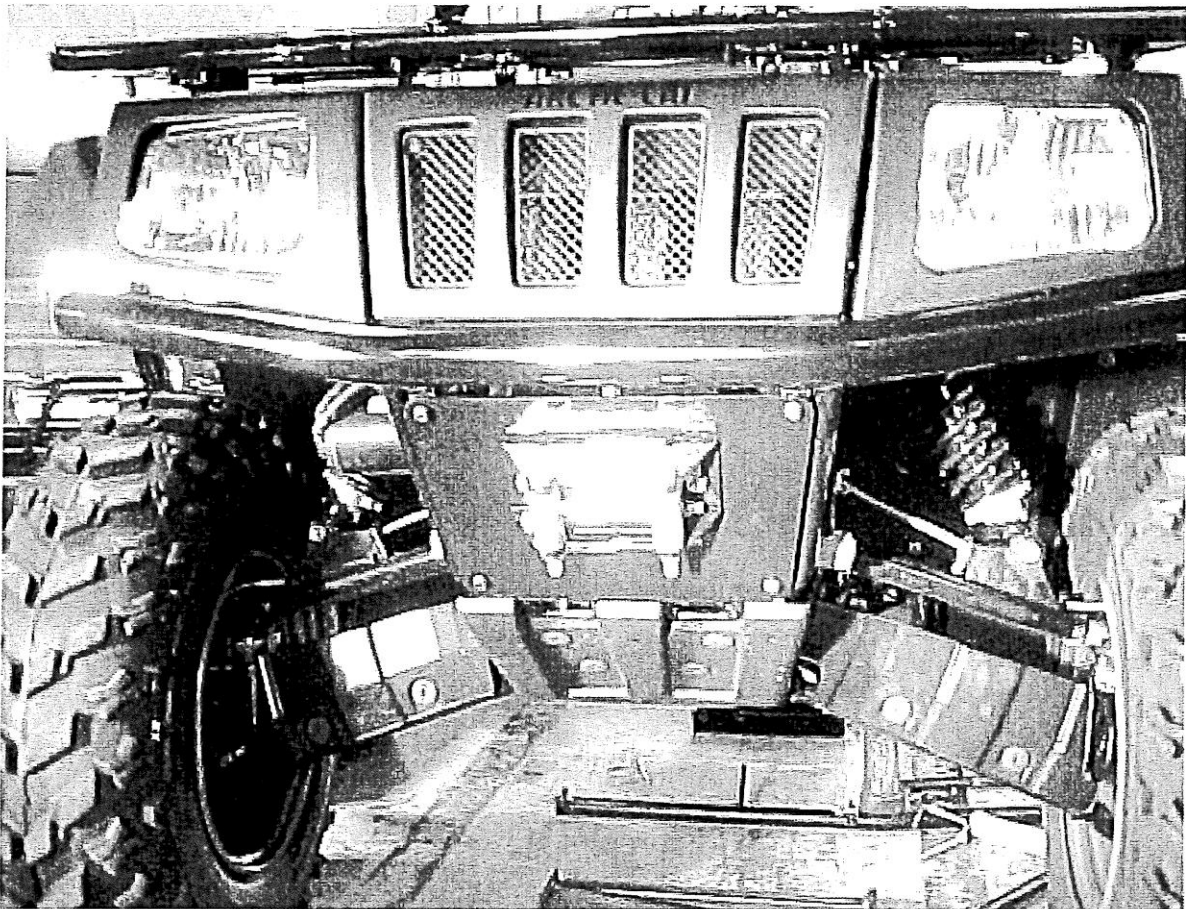

Installation:

1. Remove front grill from ATV and retain existing bolts for use with winch kit.
2. Align the four holes on the winch mount and the straps to the existing grill mount holes and secure the winch mount with the existing grill mount bolts.

3. The roller hawse mount plate supplied with the Viper Winch will not be used in this application. Fasten the roller hawse assembly to the front of the winch mount using bolts and nuts supplied with winch.
4. Fasten the Viper Winch to the winch mount with four M8 bolts supplied with the winch. The winch motor needs to be on the LEFT side of the ATV.
