PRODUCT GUIDE

POLARIS RZR BOXES

PRODUCT GUIDE
 HIGHLANDS CARGO

RZR XP 1000 Box

This box fits in the back of the RZR XP like a glove. Easy install, no tools are required, simply drop in the supplied anchors, lock into place, and head to the trail.

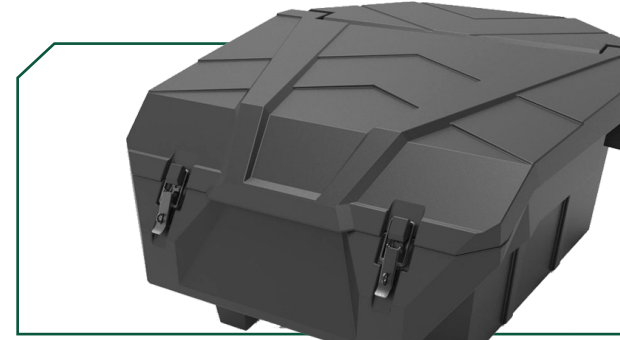

Expanding Storage for Your Machine

MotoAlliance's line of HIGHLANDS Cargo solutions is growing! We plan to offer storage solutions for all popular machines with ingenuitive designs and optimal cargo space. Explore the full line of HIGHLANDS boxes at MotoAlliance.com.

RZR 900 & 1000 Box

Designed for 900 and 1000S Trail and non Trail models. If the vehicle has a roll cage previously installed, remove a section of the tubing and the box slides underneath the cage for a secure fit and sleek appearance.

RZR Pro XP & RZR Turbo R

Works with RZR Pro XP Sport, Premium, and Ultimate along with Pro Turbo R models.

RZR Pro R Box

Designed for all Pro R models. Visit MotoAlliance.com for a complete list of all models these boxes are compatible with.

POLARIS BED COVERS

PRODUCT GUIDE
HIGHLANDS CARGO

Ranger 570 Bed Cover

Keep your gear dry with the right bed cover. Each of these covers uniquely fits a specific machine, ensuring the best weather tight fit.

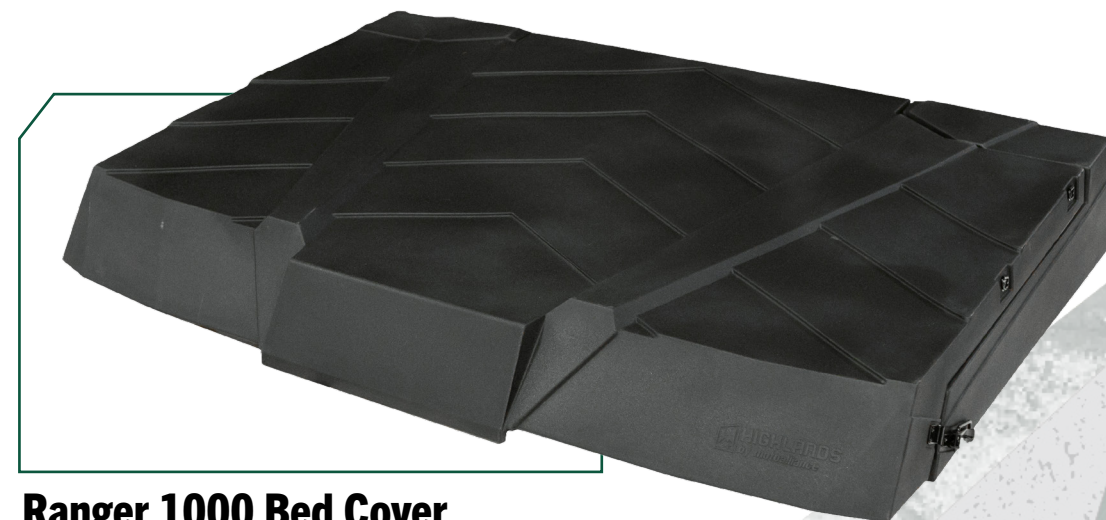

Sportsman Day Box

The Day Box was created to partner with you on days when your Touring model transforms into a speedy Sportsman. The box drops into the space the touring seat occupies and offers enough personal storage for a day trip.

General Bed Cover

The General Cover and all HIGHLANDS Bed Covers come with a gas strut that extends when the cover is open. With both hands free, access your belongings with ease.

Ranger 1000 Bed Cover

The Ranger Bed Cover is designed to fit Ranger 1000 and XP 1000 models. This heavy duty cover comes with two gas struts to ensure ample support when the lid is raised. Visit MotoAlliance.com for a complete list of all models these covers are compatible with.

Commander Bed Cover

Designed to fit Commander models since 2021, visit MotoAlliance.com for a complete list of all models this cover is compatible with.

SPECIALITY ITEMS AND ACCESSORIES

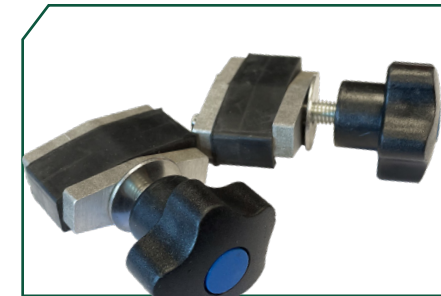

Simple Lock Anchors - Style 1

Easy lock anchors use the Lock and Ride holes present in Polaris machines for easy installation and removal. Fastened from inside the box, all Highlands anti-theft anchors cannot be undone from the outside.

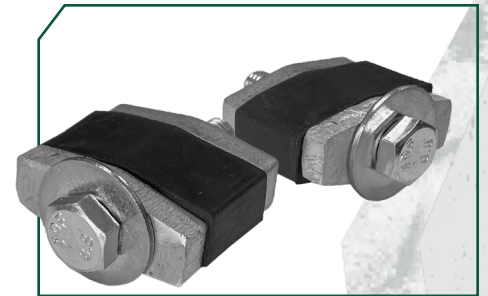

Polaris Bed Cover Anchors - Style 2

These anchors are built to provide trustworthy security for heavy Polaris Bed Covers. This design also uses the lock and ride holes for a simple installation, verify when ordering replacements as most bed covers that use this anchor require 6 anchors.

Hand Knob - Style 3 & 4

Created with a handle, these anchors thread together and are easily twisted by hand to tighten in place. Easily remove with the reverse.

Style 5 & 6

Designed to fit in tight spaces, the boxes that use these styles often have small spaces for attaching carriers. These save on space without compromising strength. Basic tools are required to install these anchors.

Polaris General TailGate Plugs

Block the holes in the tailgate of the Polaris General and keep water outside the bed. The Highlands tailgate plugs are an easy addition to make the bed water tight.

Latches

Latches are securely riveted to the box and have an easy locking component. Attach external locks for extra security of your belongings.

HIGHLANDS
CARGO
By *motoalliance*

Gas Strut creates Lift. Additional struts are available for purchase and provide additional support.

Simple, screw in attachment method. Access belongings with both hands as bed cover stays open.

HIGHLANDS Bed Covers come with one strut - all covers are able to have a second strut added.

WHO IS MOTO?

At MotoAlliance, our mission is to develop high-quality powersports accessories while providing exceptional support and service throughout the buying process and beyond. We are based in the north metro area of Minneapolis, MN, and distribute across the U.S. and Canada.

As the sole owner & manufacturer of our products, we have the freedom to design, test, and innovate new solutions for off-roaders everywhere. With a team of highly skilled engineers and the industry experience necessary to source the best materials for our products—MotoAlliance blends new-school innovation, old-school quality, and top-notch support to deliver the best solutions for our customers.

Each product is made with a deep sense of pride, and because we bypass traditional distribution sites, we are able to bring these products directly to you — resulting in a lower cost while maintaining the highest quality.

OUR BRANDS

From winches to windshields, trailers to snowplows; the MotoAlliance family of custom brands has been crafted to reflect the needs of riders everywhere and equip them for the best ride ever, no matter the machine they own or the conditions they're facing.

BECOME A DEALER!

Great Discounts

MotoAlliance Dealers are one of our most valued business assets. That's why we take pride in our dealer discount.

Love our products and want to sell them? Fantastic!
We'd love to talk.

Professional Relationships

We are a company deeply committed to ethics, moral values, and treating people well. We are proud to take this approach to our dealers and business partners, because forming great relationships in the off-road community is truly what keeps us going. With a top-notch team of dealer relations & customer service experts, you can be confident we will not only stand behind our products, but our partners as well.

Join Our Fast-Growing Dealer Network

With over 200 dealers across the U.S. and Canada, MotoAlliance is always expanding our network of dealers and partners and looking for new ways to connect with the off-road community at the ground level.
